Rfs105

Serial number	Rfs105
Product line	Swings
Dimensions	≈ 1010 * 140 cm
Height	≈ 277 cm
FFH	120 cm
In accordance with norm EN	EN1176:17
Age group	1 +
Key user group	1 – 8 years
Inclusive	No
Number of users	7
Swings height	42 cm / 48 cm

Warranty

10-year guarantee - Coverage includes structural failure of the robinia components and structures.

5-year guarantee - Structural strength of steel and stainless steel components

2-year guarantee - Structural failure of high density polyethylene and plastic components

The rubber swing seat is made using injection-molded thermoplastic elastomer (TPE) and features a reinforced insert made from injection-molded polyamide (PA). The chain includes a D-shackle at the top. Both the seat and the chain can be purchased separately.

The rubber baby seat is made from injection moulded TPE (thermoplastic elastomer) and is delivered in a flat package. The seat is reinforced with a injection moulded PA and aluminium inserts. The seat comes with J-hooks so it can be combined with several chain sets.

This is a round net swing with a sturdy rope frame and a woven net seating area, suspended by four strong ropes connected to metal chains at the top. Its durable design provides a comfortable and secure swinging experience, making it ideal for playgrounds and outdoor play areas.

This playground swing set features a large wooden A-frame supporting five different swings. On the left side, there are two baby swings with bucket seats designed for toddlers, ensuring safety. In the middle section, there are two traditional swings with flat seats, suitable for older children. On the right side, a circular nest swing with a webbed seat allows for group play and a more inclusive swinging experience. The natural wood frame provides both durability and a rustic aesthetic, making it ideal for a variety of age groups and play styles.

Cargo details

On a single pallet: 320*140*140 / 630 kg
